The Executive Vice President reviews the initial complaint with the chair of the Ethics & Rules Professional Conduct Committee and they in turn submit the complaint to the full committee for consideration.

Please email a finished copy of this form and any attachments to our
Ethics & Rules of Professional Conduct Committee at EthicsPC@naea.org

Please outline your complaint, including a concise statement of the facts, including pertinent dates (approximate if necessary). Submit separately any supporting documents.

Specifically, what part of the [Code of Ethics and Rules of Professional Conduct](#) do you believe the member/associate violated and how?

How have you attempted to resolve the situation with the member/associate and what was his/her response?

I declare the foregoing is true and correct. I understand that NAEA's jurisdiction under the Code of Ethics and Rules of Professional conduct is limited to discipline of the respondent, who must be either a current member or associate.
